JDEtips Have in Common?](#)

**A Message from Colleen Low Larkin,
Managing Editor.**

If you're a faithful reader of JDEtips Journal, you know that our business is knowledge transfer. We deliver the best in advanced JDE knowledge in the most convenient ways possible. As of this week, all 40 of our JDEtips training manuals can now be purchased in [electronic form](#) as well as hard copy.

Our JDEtips University Fall schedule is now available, including two new classes for World clients. Andy is especially excited about being able to serve the World audience, and we're starting with Fixed Assets and Advanced Pricing this fall. Check out the complete schedule to the left. And remember, almost all our EnterpriseOne classes can be attended either in the classroom or virtually from your location.

From JDE financial integrities to advanced tips in Procurement, Sales Order and Pricing, this presentation uncovers hidden gems—helping you capture more value from these core JDE modules.

E1W

Project Management: Multi-Country Implementation Strategies (Webucation Event), by Klee Associates, Inc. with Jan Jaap Weerstand

There's so much to be considered when you do a multi-country roll out of JD Edwards. This presentation will give you food for thought to formulate a solid implementation strategy.

E1

Project Management: Umbrella in a Hurricane: Managing the Storm of Change to Your Business During Your EnterpriseOne Upgrade, by Terry H. DeMoure

Upgrade coming your way? Don't get caught off guard by the turbulence. Prepare yourself and your team; this case study will provide you with steps you'll want to take to make sure your upgrade results are successful, and not leaving damage in their wake.

E1W

Reporting: Current Trends in Business Intelligence (Webucation Event), by Klee Associates, Inc. Dr. CJ Rhoads and Mike Luito

It's one thing to have the technology to implement a BI solution. This presentation highlights the KPIs to use during the design phase, as well as other solid tips from a business perspective.

E1

Reporting: Can the JD Edwards Reporting Tool Do it All? (Webucation Event), by Klee Associates, Inc. with Penny Allen and Dave Hansel

Learn how ERW *really* works and how you can make it work to meet your reporting needs.

E1W

Training: Knowledge Transfer (Webucation Event), by Klee Associates, Inc. with Steve Phillips

What is your strategy for knowledge transfer in your company? This presentation offers several key considerations you'll want to take before, during, and after project go-live to ensure that knowledge transfer actually happens and that the JDE knowledge your team needs is available in house, after the consultants have left.

E1

Technical / Customizing EnterpriseOne: EnterpriseOne Item Branch Mass Maintenance, by Mike Wright

A simple request to update values on item branch records can lead to hours of manual work, depending on the number of records in your system. But this automated solution will save you considerable time and effort next time you're asked to update these values.

...Continued from Colleen's message...

Our [Webucation series](#) continues to grow. We'll be announcing our fall sessions shortly, but meanwhile, if you missed any live sessions, as a JDEtips Journal subscriber, you can

access the [recorded sessions](#) anytime.

We're looking for more ways to share knowledge in innovative and exciting ways. That means we are working with our authors to publish video/screen capture-based articles so you can see and hear JDEtips solutions in action.

Speaking of knowledge sharing—do you have an interesting solution or advanced knowledge you'd like to share? We pay \$1000 for each published JDEtips Journal article. If you're interested in writing for us and would like to see our list of topics needed—or if you already have a great topic idea—please drop me a line! I'd love to hear from you.

Until next time...
