## **A Message from Colleen Low Larkin, Managing Editor.**

*Things just keep getting busier around the JDEtips universe. First, **big news** in the training department: we'll be offering a virtual [Accelerated Developer - Beginner Class](#) to be held over the course of two weeks, October 24 and October 31, with training scheduled **half-days** from 8:00 am to Noon MT on Monday through Thursday. This half day training schedule offers a solid alternative for those who need to attend training, but for whom travel or taking a full week away from work to attend is not an option.*

*Did you take advantage of our **JDEtips Training Manual "order two manuals, pay for only one"** offer? If not, you have a little time left. We've extended the sale until September 14. Over 500 manuals have been sold since we first began to offer them last year. Manuals are available in both hardcopy and eManual versions.*

...Continued from Colleen's message...

*Our popular Webucation series will continue this fall. Join us on September 20, at 1:00 pm ET, for an enlightening session on JDE Upgrades. Then, mark your calendars for October 11th for Enterprise Hosting, and November 15th, to hear Cushing Anderson of IDC speak on a variety of ERP training issues.*

*[Register now](#) for these sessions ; so far, over 1500 JDE clients have attended our hour long live presentations. Remember, only JDEtips Journal subscribers can access the [recorded sessions](#) at any time following the live session.*

*Do you have an interesting solution or advanced knowledge you'd like to share? We pay \$1000 for each published JDEtips Journal article. If you're interested in writing for us and would like to see our list of topics needed—or if you already have a great topic idea—please drop me a line! I'd love to hear from you.*

*Until next time...*
