JDEtips Training

JD Edwards education isn't just a part of our business.

It is our business.

At JDEtips, we provide exceptional configuration-level JD Edwards training for IT staff and key business users. We help you gain and maintain the solid JD Edwards knowledge base needed to squeeze the most operational efficiencies from your JDE solution.

Over 50 public or private, live, instructor-led classes have been designed to give you the key knowledge needed to master configuration of specific JDE functionality. Attend virtually or in the classroom. The JDEtips curriculum covers the entire range of JDE applications and technology:

- Financials
- Distribution
- Manufacturing
- HR/Payroll
- Report Writing
- Development
- CNC

"Everything we do is about our clients' learning, not our teaching. Our primary goal is to ensure that our clients have the skills and knowledge to independently solve the everyday (and the not so everyday) JDE issues – today and in the future."

Andy Klee, President, Klee Associates / JDEtips

JDEtips Consulting

Need help implementing new JDE modules?

Want better results from modules currently being used?

Whether you are implementing new suites/modules, or extending the value of the JDE software you've already invested heavily in, JDEtips has the technical and application resources you need.

Unlock the full potential of your JD Edwards investment.

Averaging 15 years of JDE implementation work each, our consultants have just about seen it all — the functionality that works for your industry, the gotchas to avoid, and most importantly how to get the JDE system working for you, instead of you working for the system. And JDEtips does this cost effectively by taking full advantage of functionalities the software has to offer — ones that many JDE shops know nothing about.

Maintain and grow your JDE system solution.

Knowledge transfer is a big part of what we do. JDEtips consultants not only deliver to project timelines and budgets, but leave your team with the knowledge they need to maintain the system over time.

"The depth and validity of your consultants' knowledge base is exceptional. The consultants you have provided to us have been able to make an immediate impact on our projects. In addition, they have made sure that they left us self-sufficient in those areas. Your rates are appropriately aligned but more importantly, your associates keep a firm understanding of our needs at the center of their work at all times. We will not hesitate to contact your team for our future JD Edwards work."

Doug Dostal, Director of IT, Briggs Corporation

JDEtips Training Manuals

JDEtips manuals deliver the knowledge needed to use JD Edwards software to its fullest capacity. Written by JDEtips instructors with over 15 years implementation experience, JDEtips manuals are a tremendous return on investment.

- Created for every release of EnterpriseOne
- Offer detailed step by step instruction
- Feature solutions to real life business issues
- Have hundreds of screen shots, so they are easy to follow

"JDEtips manuals deliver the knowledge needed to use our JD Edwards software to its fullest capacity. That gives us a tremendous return on investment."

Nicole Thomson, Business Analyst, PTI Group Inc.

Knowledge Express

Find your solution in the JDEtips library of articles and screen capture videos.

Published continuously since 2000, the Knowledge Express has more than 7,000 readers from 500+ companies in over 50 countries. It's a must-have resource for clients who wish to extract more value from their JD Edwards investment.

One affordable subscription gives your entire organization:

"I urge you to get a subscription to JDEtips whether your company will get a full corporate subscription (the absolute best buy) or you get one for yourself. You will find that even their oldest docs have valuable information and they are written in a way that even non-technical users can understand. If my company stopped subscribing I would have to get a subscription of my own!"

Lynne Park, Business Analyst, ServiceMaster

- A quarterly download, including 90+ pages packed with advanced tips, best practices, and techniques for unlocking the full power of your JD Edwards software.
- 24/7 access to our online Document Library, including all the articles ever published by JDEtips — that's over 725 articles and 8,000 pages of content.
- Money back guarantee. Try a subscription for 90 days. If you are not 100% happy, we'll refund your money immediately.
