

“Scott Beebe?! I thought he moved to Hawaii, bought a mini golf course, and retired from JDE work!” I’ve had more than one client ask me this and it brings a smile to my face every time. Two out of three isn’t bad! True, Scott lives in Honolulu with his newly wed wife and young family, and yes, he is the proud owner of Tropics Mini Golf. But boy, am I glad he has definitely not retired from all things JDE!

“Aloha!” from Scott and Penny

My husband and I had lunch with Scott and his wife at the Tropics Mini Golf just last month while we were visiting Hawaii. I was especially looking forward to the smoked meat dishes that he has been boasting about since he bought the golf course in 2017. Scott smokes his own slow-smoked meat using hickory mesquite wood and his own rub. He cooks brisket, pulled pork and pork belly. He boasts the best barbeque on the island and having been going to Hawaii for many

years now, I must admit I think he’s right! The 18-hole course is a comfortable, enjoyable, and fun environment for all ages. He’s made many improvements over the years, and you can see the pride he takes in ownership.

That pride of ownership does not surprise me because that’s what he is like in his JDE work as well. Scott is involved in several projects for us at JDEtips and our clients continue to ask for him. He is also a fabulous instructor, and not only has he developed our BI Publisher course (give this man an XML file and watch him work magic!), but he is also one of our Orchestrator specialists/instructors and worked with us to create our brand-new advanced Orchestrator 201 class. Yes, I am very glad that he has not retired from JDE!!

Thank you, Scott for all that you do for us. I wish you and your family a Happy and Prosperous New Year! And to all our loyal readers, Thank You for being here with us! It has truly been a pleasure to serve you this past year. Here’s to 2023!

Cheers!

Penny Allen, President and CEO
